

Shit Horse
They Shit Horses, Don't They?

Twelve Horses

(I wish you 12 horses when you die)
(I wish you 12 horses, I wish you 12 shit horses, I wish you 12 horses when you die)

I wish you 12 horses when you die
I want to be standing on the side
As you go by
On your resting place
Where you gonna lie on this day?

I wish you when you die
12 horses, while I stand on the side
In my mind I'm suffering all the time
Because of the words you used
To make me all confused

You gave us all this insight
In your side of your mind
It makes me want to say that I can't
Survive this way
Everything you did made me suffer
And I can't even hear my tune inside of my head

(My radio, in my car is busted. But I got a battery powered radio and I'm in the fucking desert on a horse)

That's why I wish you
12 horses when you die
I'll be standing on the side waving
Bye bye bye bye bye
You left me in a state of confused
With all the dictation of these old evil rules

(I wish you 12 horses when you die, I wish you 12 horses, I wish you 12 shit horses when you die)

I wish you 12 horses to take you by my side
I hope they take you to your grave
Where you won't ever have a chance
To make another man
Or woman feel like they are not alive inside

(Have you ever bitten off more than you could chew? Have you ever had a log you couldn't poo?)

Don't Smell Too Good (But It Keeps Me From Burning)

(Don't smell too good but it keeps me from burning) (oh no)
(Don't smell too good but it keeps me from burning me alive)

Every time I need some satisfaction
I can't get your eyes to focus on what I need
You're so busy pretending that you're in control
Of your sexual reality

(Don't smell too good but it keeps me from burning) (oh no)
(Don't smell too good but it keeps me from burning me alive)

I'm gonna tell you one more time
To get your eyes to focus on me (shorty)

Don't Smell Too Good (Continued)

Don't tear me apart
And tell me that I'm not right
Cause I dont want to spend my whole life
Making love to you every night

(Dont smell too good but it keeps me from burning)
(Dont smell too good but it keeps me from burning alive)

Get Out of My Face

I remember the first time i sat down and listened to you
It was during the time you was giving my interview

(I see you every day, you get into my face wont you just go away, this job would be kinda cool without you)

Well your still trying to tell me what to say or do
I could deliver all this cooked food

(I see you every day, I feel it in my veins, wont you just go away, this job would be kind of cool without you)

Try to make me a star in your own world
What? You don't have no control
Because you don't want me to be
The best employee that I could be
So get out of my face

Floating / Drifting

There are so many ways that you try to change us
But it doesn't matter what you say
Cause you didn't make us
Make us feel our lives ain't for real
But you show us that you have no fear
To change
Something (you're always changing)

But you try to make me sing the blues
By the cruel things that you do (you're always changing)
But you're not gonna make me sing for you cause

I know myself and I know who you are
But your not gonna make me
Be your fallen star
Cause I know that im gonna be
What I intend not to see
Someone thats not gonna
Let me be me

Then I must sing the blues
Everything that you try to use
To keep me in control
And im gonna stay high
Cause I know that you think you wanna stew
Make me run away from you

But I've been thinking about it
Escaping to a place
Not really
And just the thought of what I want to say
I'm thinking of moving from here

Floating/Drifting (Continued)

But only in my mind
Cause my bodies gonna stay here
Cause im not gonna sing no blues this time

(I'm floating and im thinking about drifting. later)
Only in my mind
(I'm floating and im thinking about drifting. later)
Only in my mind
(I'm floating and im thinking about drifting. later)

You thought you was gonna hear me sing the blues
Later

13 Horses

Have you ever bitten off more than you could chew?
Have you ever had a log you couldnt poo?

Shit Horse (Is Gonna Ride)

Shit horse is gonna ride
Shit horse is gonna ride man
Ride

Every time you want to be rescued
All you gotta see
Shit horse riding through
To say what you're afraid to
Or do what you wont do
That's why we ride just for you

Shit horse is gonna ride
Shit horse is gonna ride man
Ride
